NORTHERN HIGHLANDS REGIONAL HIGH SCHOOL

The abuse of controlled prescription drugs and heroin is a threat to the citizens that we serve and protect. This program is designed to help members of our community recognize specialized problems and contemporary issues associated with the diversion of pharmaceutical controlled substances and other commonly abused substances, specifically heroin.

Doug Collier is a dynamic speaker with true hands-on experience. Retired from the DEA, Doug now serves as the drug initiative coordinator and law enforcement liaison for the Office of the Attorney General - Division of Consumer Affairs. His lectures are in high demand as he presents factual information about current trends affecting New Jersey's communities.
